Joseph William C. Ramos

Sto. Tomas City, Batangas | ramosjoseph0212@gmail.com | +63 977 492 9269

Versatile and adaptable graduating IT student who is ready to navigate the fast-paced world of software development. I thrive in dynamic environments where technology evolves quickly, bringing a proactive attitude toward mastering new stacks, frameworks, and tools. My objective is to contribute to a forward-thinking team where I can apply my technical knowledge to deliver high-quality, innovative software solutions.

TECHNICAL SKILLS

ReSourceHub **Lead Systems Developer & Architect**

A Cross-Platform Circular Economy System for Sustainable Exchange

- Architected a complex Auction and Bartering engine handling concurrent bids and trade requests using Firebase and Flutter.
- Integrated Google's Teachable Machine (AI) for automated item classification, reducing manual input and improving UX flow.
- Developed a PHP/JavaScript administrative dashboard following modular design patterns to ensure long-term maintainability.
- Led the project to meet ISO/IEC 25010 standards, achieving a "Strongly Agree" rating in functionality and reliability from evaluators.

PROJECTS

Languages:	C#, C++, VB.NET, Java, Python, PHP, JavaScript, Dart, SQL, R.
Frameworks & Engines:	Flutter (Cross-platform), Unity (Foundational), Firebase.
Systems & Logic	Modular Architecture, Real-time State Management.
Tools:	Figma (UI/UX), Power BI, Git, Cisco Networking/Security Tools.
